

## Organ to be dedicated Sunday

Trying out Columbus St. Agatha's new pipe organ are Msgr. George Kennedy, co-pastor, and organ fund committee members Ralph Negri (left) and Robert Mathews. The public is invited to the dedication concert at 3 p.m. Sunday, April 3, in the church. Organist will be Dr. William Haller, associate professor of organ and music history at Capital University and organist for the Columbus Symphony Orchestra. Dr. Haller helped design the 30-stop, 1744-pipe organ, which was built by the Delaware Organ Company Inc., Tonawanda, N.Y. Also taking part in the dedication are the St. Agatha Choir, directed by Harry Montavon, and its organist, Mrs. Paul Warnick.
